

# La Jolla Proteomics Conference

## *From Experiment to Computing*

# 2008

July 2, 8am-6pm, Calit2 Auditorium, Atkinson Hall, UC San Diego

The Center for Algorithmic and Systems Biology (CASB) aims to bring together researchers from the biological and computational communities, from both academia and industry, to discuss the current trends and challenges in proteomics.

**Free Registration!**  
with  
*Complimentary Breakfast and Lunch*

Registration required by June 27, 2008
